Education

Roorkee Institute of Technology

Bachelor of Technology — Computer Science

Aug 2023 – June 2027

Roorkee, Uttarakhand

Experience

Codsoft

Web Developer Intern

Aug 2025 – oct 2025

Remote

- Developed a full-stack social media application using the MERN stack, supporting 250+ active users.
- Engineered responsive front-end components using React.js, ensuring 100 percent cross-device compatibility.
- Integrated complex RESTful APIs to enhance data retrieval speed and overall application performance.
- Optimized UI/UX designs, leading to a measurable increase in session duration and user engagement.

Projects

Sukhi Suvidha — Click | AI-Powered Medical Info Simplifier

Dec 2025

- Built an Agentic AI pipeline using EasyOCR and LLMs to simplify complex medical prescriptions
- Implemented multilingual support for 5+ Indian languages including voice output via gTTS.
- Integrated a 24/7 AI chatbot with real-time web-scraping/API logic to track hospital bed availability.
- Reduced information processing time by 20 percent, enhancing utility for non-technical users in rural areas.

AI Voice Detector — Click | Python, AI/ML

Jan 2026

- Built a lightweight Voice Detector API using FastAPI to classify AI-generated vs human voice.
- Implemented entropy-based audio complexity analysis for real-time voice classification.
- Designed secure REST endpoint with API key authentication and Base64 audio processing.
- Supported multilingual detection (Tamil, English, Hindi, Malayalam, Telugu).
- Deployed and tested using Uvicorn with optimized performance and minimal dependencies.

Interactive Web Calculator — Click | HTML5, CSS3, Javascript

August2025

- Developed a responsive, cross-browser compatible calculator with advanced arithmetic capabilities and a sleek modern UI.
- Optimized computational logic using JavaScript to handle complex edge cases.
- Integrated event handling and DOM manipulation for dynamic button interactions.
- Ensured cross-browser compatibility and mobile responsiveness.

Technical Skills

Languages: Java, JavaScript, Python, C, C++, SQL

Web Development: HTML5, CSS3, React.js, Node.js, Express.js, REST APIs, FastAPI

AI/ML Tools: Hugging Face, EasyOCR, gTTS (Google Text-to-Speech), Generative AI

Achievements

AI Summit 2026 — (Click to View Certificate)

19 Feb 2026

Finalist over 40,000 teams

- Represented project at AI Summit India 2026.
- Selected in top teams across India.
- Collaborated with team members to refine model performance.

Google Developer Hackathon — (Click to View Certificate)

Dec 2025

Secured 3rd rank across 1500 students

- Google Developer Hackathon (Recognized for innovative problem-solving).
